Descrizione vetrina

29 years old graphic designer. Graduated on 2002 in "A.Steiner" institute, Milan. I cannot work for many year 'cause problems with the law. Now I'm ready to apport my aesthetic style to yours agency. I realize logos, brochures, cd and books cover and everithing is graphic. I'm a photoshop wizard, but I don't despise vectorial graphic and flash animation. Thanks for your attention.
