Descrizione vetrina

Nato a Torino in una fredda mattina del '79, vedo come prima cosa quello che adesso mi dà la possibilità di creare... La luce. Mi sono avvicinato al mondo della fotografia da qualche ma mi sento fotografo da una vita, perché ho sempre guardato le cose con occhio artistico. Attualmente collaboro con un'agenzia come fotografo d'immobili e realizzo servizi fotografici per cerimonie ma mi occupo anche di web & graphic design. Cerco collaborazioni con agenzie di comunicazione e lavori a progetto con colleghi fotografi e privati.
