Descrizione vetrina

I'm Matteo Iudice, an Italian 21 - 3D Artist student at Comics International School in Padua. I've been a self-taught graphic designer since 2008. I work very well with Maya, Zbrush, Photoshop, Illustrator, After Effects, Sony Vegas, Substance Painter and Xnormal. I'm a creative person full of ambitions; I am always looking for new challenges and I'm ready to help you! I'm videogames lover, I'm into series, food and beverages. I'm expert in "retouching", logos, ads, banners, static 3d models and video editing.
